

FILTER HERU 400/600 T

These bag filters class ePM1 65% are used in the HERU 400/600 T energy recovery units, the same for both supply and exhaust air.
4 pc per HERU unit, supplied individually.

Energy efficient air filter classes according to EN ISO 16890.

- **ePM1:** Filtration efficiencies 50–95%. Particle size up to 1 µm.
- **ePM2,5:** Filtration efficiencies 50–95%. Particle size up to 2.5 µm.
- **ePM10:** Filtration efficiencies 50–95%. Particle size up to 10 µm.
- **Coarse:** Filtration efficiencies not required. Particles all sizes.
